Further Information

We can provide advice and assistance with a variety of services including floral tributes, orders of service, catering, specialist modes of transport and memorials.

We can recommend celebrants or humanists for a more modern ceremony or if you just prefer not to use a church minister. We can also help provide information on a number of different options, some of which you may not be aware of. For more information please call Paul or Penny, we will take as much time as you need to discuss your specific requirements at length, and work with you to help you create a funeral that reflects and celebrates the life of your loved one in a way that means the most to you.

Our advice is always free and if you wish to meet us we can arrange an appointment either at our office or, if you would prefer, in the comfort of your own home.

If we can be of any further assistance, please do not hesitate to call Paul or Penny.
